ARGENTINE STEAKHOUSE

Chamuyo Meaning:

Chamuyo is a beautiful, very romantic and non-aggressive word from the Argentine slang (Lunfardo) from the Italian lumbardo (it is not proven) or inhabitant of Lombardy in the local dialect, is an argot originated and developed in the late 19th and early 20th centuries in the lower classes in Buenos Aires.

Chamuyo word, from the infinitive “Chamuyar” works as a verb and stands mainly for the act when a man tries to pick up a woman by exaggerating some parts of a story, or suddenly believing in something he never thought before by finding out that the woman does.

The nice part of the situation is that usually both parts are aware that one of them is making up a story. But women use to enjoy watching the effort that the man does to take her attention and how creative he can be.
